

ALUMINUM BRIGHTENER HS

General Characteristics:

Appearance:	Water White Liquid
Odor:	Pungent
Solubility in Water:	Soluble
Lbs. / Gal.	8.97
pH:	1.5 – 3.5
Foaming Nature:	Low to Medium

Application: *

In pressure wash systems use 35-80 parts water to 1 part Aluminum Brightener HS. Dilution rate may be adjusted as needed. To avoid streaking, wash from bottom up and rinse from top down with large amounts of water, or preferably with an alkaline rinse if a strong solution has been applied. Applied area should not be allowed to dry in the sun prior to rinsing.

*As conditions vary, all dosages and guidelines are merely suggested starting points; it is recommended the user determine the proper operating conditions for his/her system.

Special Features:

- Strong Acid Cleaner
- Contains Rinse Agents for Easy Removal
- Contains a Rust Inhibitor
- May be Diluted as Necessary
- Will not Degrade Rubber, Chrome, Steel, Ceramic or Plastic Surfaces
- Ammonia free
- Non-Flammable

Uses:

Specifically formulated to remove dirt, grease, and other soils from aluminium surfaces.

Packaging:

1 Gallon	5 Gallon	15 Gallon
55 Gallon	275 Gallon	Bulk
