

ARROCHEM CITRUS CLEANER

General Characteristics:

Appearance:	Clear Orange Liquid
Chemical Composition:	Alkaline Solution
Solubility in Water:	Readily Soluble
Lbs. / Gal.	9.01
pH:	11.5 - 12.5
Foaming Nature:	Low to Medium

Special Features:

- Non-Regulated
- Contains No Ammonia
- Contains Natural Citrus Extract
- 1000's of Uses
- Concentrated Formula Saves \$\$

Recommended For Cleaning:

- Sinks, Countertops
- Painted Surfaces & Tile
- Pressure Washing
- Motors, Heavy Equipment

ArroChem Citrus Cleaner can be used at full strength to clean dirty, greasy, oily, or ink-soiled surfaces. Water can be added to product if dilution is desired, adjusting the strength as needed for the requirements of each specific application. For pressure wash systems, a dilution of 50 parts water to one part ArroChem Citrus Cleaner offers effective cleaning without excessive foaming. For routine cleaning, ArroChem recommends a dilution of 4 to 8 ounces of Citrus Cleaner per gallon of water. For applications requiring heavy cleaning on such surfaces as concrete, printing equipment, motors, air conditioners, and welding equipment, ArroChem recommends the use of ArroChem Citrus Cleaner at full strength.

*As conditions vary, all dosages and guidelines are merely suggested starting points; it is recommended the user determine the proper operating conditions for his/her system.
