## ARROGEL BLUE POWER STRIPPER

### General Characteristics:

Appearance:	Blue Gel
Chemical Composition:	Solvent Blend
Odor:	Solvent
Solubility in Water:	Emulsifiable
Methylene Chloride:	0%
Foaming Nature:	Low

### Application: \*

Spray or brush ArroGel Blue onto part to be cleaned. Let sit until material softens and either pressure wash or wash off with a wire brush. Stripping capacity depends on the thickness of the coating and the character of the coating. Additional applications may be required. **For professional use only.**

\*As conditions may vary, all dosages and guidelines are merely suggested starting points. It is recommended the user determine the proper operating conditions for their system.

### Special Features:

- Safer Substitute for Methylene Chloride
- Requires Less Ventilation than Other Strippers – Ideal for Use Indoors
- High Viscosity Gel Adheres to Vertical Surfaces
- Slow Evaporation = Less Product Required

### For Removing:

- Paints
- Acrylic Coatings
- Alkyd-Based Coatings
- Some Urethane Coatings
- Not Recommended For Removing Epoxy Coatings

### Packaging:

1 Gallon	5 Gallon	15 Gallon
55 Gallon	275 Gallon	Bulk
