

ArroTech Brake Cleaner

General Characteristics:

Appearance:	Colorless Clear Fluid
Chemical Composition:	Aliphatic Carbon Compound
Viscosity:	10-30 cps (25° 1 atm)
Solubility in Water:	Essentially Insoluble
pH, 1% Solution:	N/A (Essentially Insoluble)
Foaming Nature:	None

Special Features:

- Fast-Acting & Fast-Drying Cleaner
- Works At Ambient Temperature
- Contains No Chlorinated Solvents
- Won't Harm O-Rings or Polymer Parts
- Environmentally Friendly Product
- Better Value Than Aerosols

Effectively Cleans:

- Brake Parts and Assemblies
- Steel Surfaces
- Aluminum Surfaces
- Cast Surfaces
- Plastic Parts

ArroTech Brake Cleaner can be sprayed, wiped, or brushed onto surface for removal of grease, brake dust, and foreign matter from steel, aluminum, cast, or plastic materials. ArroTech Brake Cleaner is a flammable liquid. Do not use near possible ignition sources. For removal and rinsing, a second application of ArroTech Brake Cleaner to flush surface free of soils, followed by air-drying, is sufficient for thorough cleaning. ArroTech Brake Cleaner is highly effective for removing brake dust and grease from braking parts and dries within a few minutes.

*As conditions vary, all dosages and guidelines are merely suggested starting points; it is recommended the user determine the proper operating conditions for his/her system.

Packaging:

1 Gallon 5 Gallon 15 Gallon
55 Gallon 275 Gallon Bulk
