

ARROTECH SEMI-SYNTHETIC CUTTING FLUID

General Characteristics:

Appearance:	Milky Translucent Liquid
Chemical Composition:	Polyoxypropanylamide
Solubility in Water:	Dispersible
Foam Activity:	Low Foam

Application: *

May be diluted before use Dilution depends on application.

As conditions vary, all dosages and guidelines are merely suggested starting points; it is recommended the user determine the proper operating conditions for his/her system.

Special Features:

- Extends the Usable Life of Cutting and Drilling Equipment
- Non-Chlorinated, Non-Combustible, Non-Hazardous
- Contains Anti-Corrosion and Anti-Bacterial Additives
- Compatible with a Wide Variety of Metal Substrates

Use as:

Specifically formulated to improve performance and increase wear life of cutting and drilling equipment by increasing lubricity and corrosion resistance of metal substrates.

Packaging:

1 Gallon 5 Gallon 15 Gallon
55 Gallon 275 Gallon Bulk
