

## DAWNY DISHWASH DETERGENT

### General Characteristics:

|                      |                   |
|----------------------|-------------------|
| Appearance:          | Clear Blue Liquid |
| Chemical Composition | Neutral Detergent |
| Wetting              | Rapid             |
| Solubility in Water: | Readily Soluble   |
| Lbs. / Gal.          | 8.56              |
| pH:                  | 6 - 8             |
| Foaming Nature:      | Medium Foam       |

### Special Features:

- Gentle & Highly Effective
- Safe for Everyday Use
- Will Not Dry Hands
- Does Not Require Gloves
- Concentrated Formula Saves \$\$

### Recommended For Cleaning:

- Dishes and Glassware
- Silverware and Cutlery
- Pots, Pans and Other Cookware

For general cleaning purposes, ArroChem recommends the use of two ounces Dawny per gallon of water. This dilution is effective for everyday dish cleaning. For soaking of pots and pans with built-up grease and soils, using Dawny at four ounces per gallon of water effectively increases its cleaning power. As product is water-based, it should not be used at temperatures above 85°C (185°F) or below 5°C (40°F).

\*As conditions vary, all dosages and guidelines are merely suggested starting points; it is recommended the user determine the proper operating conditions for his/her system.

### Packaging:

|           |            |           |
|-----------|------------|-----------|
| 1 Gallon  | 5 Gallon   | 15 Gallon |
| 55 Gallon | 275 Gallon | Bulk      |
