

## FLOATING CITRUS DEGREASER-DEODORIZER

### General Characteristics:

Appearance:	Water-white Liquid
Odor:	Citrus
Solubility in Water:	Insoluble
Lbs. / Gal.	7.09

### Application: \*

#### To dissolve heavy grease deposits:

Add enough degreaser to create a layer at least 1 inch thickness on the surface of lift station well. As water level changes, degreaser will contact and dissolve away grease deposits from sides of well.

#### For continued maintenance:

Add at a rate of 3 to 5ppm once or twice per week to prevent grease accumulation and reduce odor.

\*As conditions vary, all dosages and guidelines are merely suggested starting points; it is recommended the user determine the proper operating conditions for his/her system.

### Special Features:

- Will not Corrode Rubber Seals
- Pleasant Citrus Fragrance
- Dissolves Grease and Reduces Unpleasant Odors
- Natural Citrus Formula – Contains No Petroleum Distillates
- 100% Biodegradable

### Uses:

Designed to dissolve existing grease buildup in lift stations, and prevent the accumulation of additional deposits. Also appropriate for other industrial degreasing tasks where a water soluble cleaner is not desired, as well as for removal of tar and some paints and adhesives from metal substrates.

### Packaging:

1 Gallon	5 Gallon	15 Gallon
55 Gallon	275 Gallon	Bulk
