

NON-SILICONE DEFOAMER

General Characteristics:

Appearance:	Milky Liquid
Odor:	Mild
Solubility in Water:	Dispersible
Lbs. / Gal.	7.10
pH:	6.0 – 8.0

Application: *

Apply at 0.1% as a starting point and adjust dilution to achieve the desired effect. Mix 1 part product with 9 parts warm water prior to addition for fastest results.

May be used to eliminate foam entirely or in reduced concentration to allow a smaller amount of foam if desired. May be added to eliminate existing foam as needed or used as a preventative anti-foam to reduce air entrapment during pumping and mixing processes.

*As conditions vary, all dosages and guidelines are merely suggested starting points; it is recommended the user determine the proper operating conditions for his/her system.

Special Features:

- Contains no Silicone
- Concentrated Formula
- 100% Active
- Suited to Multiple Industrial Defoaming Applications

Uses:

Specifically formulated to reduce/eliminate/prevent foam in industrial liquid blending, mixing, and pumping operations where the use of silicone is not desirable.

Packaging:

1 Gallon	5 Gallon	15 Gallon
55 Gallon	275 Gallon	Bulk
