

ArroChem's "Incredible" Wiper Blade

100 feet tightly wound on a 3 inch core

Wiper Blade FAQ'S

Q. Why use expensive steel blade?

A. ArroChem's high quality UHMW Polyethylene wiper blade do a better job for much less!

Q. Do ArroChem Wiper Blade last longer?

A. Yes, ArroChem's wiper blade last longer because it has a lower coefficient of friction and is chemical resistant.

Q. Does beveled wiper blade clean better?

A. Yes, and all of ArroChem's Wiper blade can be beveled on one or two edges for enhanced cleaning. Please call for beveled pricing.

Q. Why stock more than you need?

A. ArroChem can generally ship UPS in less than one week!
